Bridgeways Makes Additions To Manufacturing Leadership:

Charles (Al) Hayden, Director of Manufacturing, joined Bridgeways in April 2004 as the Business Development Representative and was promoted to his current position in April 2006. He has over thirty years in manufacturing and engineering management using ISO-9000 procedures, and has worked in a variety of industries including defense, electronics, aerospace, medical device, and contract manufacturing.

Randy Wood, Controller, has recently joined Bridgeways and brings substantial experience in Finance, Information Systems, Avionics and Light Manufacturing. He has acquired expertise in operational management and financial oversight during his nearly twenty years of service in the computer systems and avionics industries, most recently being employed by Northern Airborne Technology. Randy holds a Bachelor of Arts degree in Economics from the University of Washington and returned to the UW to receive his Master's Degree in Business Administration.

Terry Castle, Production Manager, joined Bridgeways in June of 2006. Terry has worked in the aerospace industry for over 25 years. He started as mechanical assembler, advanced to quality control inspector and has spent a considerable amount of time conforming vendor and customer owned parts per specific required documentation. Terry has experience in training and mentoring new employees on company policies and procedures and has taken on a leadership role as part of a cross functional team to improve the inspection process. He graduated from Edmonds community college with A.T.A. degree in Network and Database Design and Development, along with a one year Certificate in Computer Support Specialist.

Mark Marriott, Quality and Planning Coordinator, is Bridgeways newest employee joining us in July 2006. Mark has many years experience working as a Quality Assurance Inspector for several local companies and has extensive experience in many aspects of manufacturing. Mark attended both Edmonds Community College and Puget Sound Christian College .
